“CHOICE OF REMITALL”

Shorthorn Sale

MONDAY, JUNE 16, 1969

At the Farm

OLDS, ALBERTA

Where the “Big Guns” Arm Their Herds

Welcoming you to the “Choice of Remitall” are, from left, Remitall Mysie Jane 2nd sold at \$800 to Jackson Moffat, Sintaluta, Sask.; Remitall Secret Susie, sold at \$650 to Dr. R. J. Smith, Stacyville, Iowa; the \$8,600 (for one-half) Remitall Super Event owned jointly with McIver Bros., Farwell, Minn., and Remitall Melody Constance that topped the 1968 sale at \$2,500 to Dr. Smith.

LOUIS LATIMER

Welcome to Our

REMITALL

Welcome to our Remitall, Shorthorn Breeders.

We wish to thank you all for the wonderful sale last year. We look forward to presenting an even stronger offering to you on June 16.

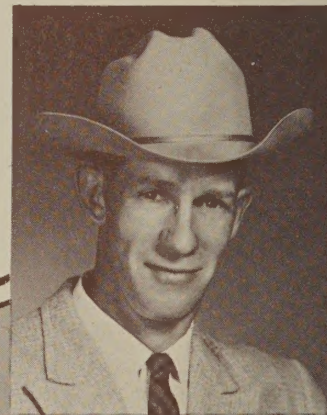

You are invited to join us at our "let's get acquainted" fun hour and buffet dinner at Louis' home, 5:30 p.m., June 15.

Meet the Latimers

The future of Remitall is secure for many years to come with these two fine families. Each takes an active interest in the herd and in provincial and national Shorthorn affairs.

This is Louis and Jean Latimer's family. From left are Nancy, Linda, Byran, Louis, Jean, Elaine, Marlene and Gary. The trophy is for grand champion bull of the Canadian International Bull Sale which Remitall has won for five consecutive years. The drawing on the mantel is of Remitall Super Event from the 1968 sale catalog.

This is Carroll and Jeanie Latimer's crew. From left at rear are Carroll, Jeanie and Lauri; center row, Alan, Peggy and Barbara; front row, Janet and Jimmie. The trophies are but a few of the scores that have come to Remitall over the years and are rapidly crowding out the occupants of both houses.

GENERAL SALE INFORMATION

TIME AND PLACE: Monday, June 16, 1969, at Remitall Cattle Company, Olds, Alberta, Canada. Remitall is located one mile west of Olds and three miles south. Olds is 50 miles north of Calgary on Highway 2 and three miles west on Highway 27. The sale will begin promptly at 1 p.m.

TRANSPORTATION: Calgary is easily reached by any means of transportation. For complete details, see page 8.

HOTEL ACCOMMODATIONS: Sale headquarters will be the Siesta Motel, Olds, Alta., Phone (403) 226-3376. Reservations may be made direct or to the sale manager. In Olds we also recommend the Victoria Hotel and the Olds Hotel. Each of these facilities is small and they will not likely accommodate the entire sale crowd. Therefore, we strongly urge that reservations be made as early as possible. After the Olds accommodations have been filled, other reservations will be made at the Crossroads, Airliner and the Ambassador Motels near the airport at the north edge of Calgary. Both the Ambassador and the Crossroads have courtesy cars available to provide free transportation from the airport. After you have checked in, please call the farm and a car will be sent for you.

AUCTIONEER: Jock Blacklock, Saskatoon, Sask., Canada.

GUARANTEE: All cattle will be sold under the standard guarantee endorsed by the American Shorthorn Association. Remitall further guarantees to stand behind every animal sold in this sale or in the future to the complete satisfaction of the new owner.

HEALTH: Cattle will be sold in compliance with the health laws of the Province of Alberta. Official calfhood vaccination of females is practiced. The herd is in a tuberculosis and brucellosis free area. All females in calf for 60 days or more will be pregnancy examined. The most stringent herd health standards are maintained, and the animals in the sale are eligible to travel anywhere in the world.

TERMS: The terms of this sale are cash. Checks should be handed to the clerks immediately following the auction. Please be sure to have the clerks record your transfer instructions and shipping information at the time of purchase.

TRANSFER OF PEDIGREES: The buyer will be provided with a pedigree properly transferred on the books of the Canadian Shorthorn Ass'n. Further transfer to the herd books of other countries is at the buyer's expense. When American buyers receive their Canadian pedigree it should be mailed to the American Shorthorn Ass'n, 8288 Hascall St., Omaha, Neb., with the request that an American pedigree be issued. The charge for this work is \$10 if completed within six months of the date of sale.

EXCHANGE: The bidding will be conducted in Canadian funds. The prevailing exchange rate will be allowed, which is generally about seven percent. In other words, the U.S. dollar in Canada is worth about \$1.07 due to exchange differential.

SHOW RIGHTS: Remitall reserves the right to select members of the sale offering for its 1969 show herd. In the case of open heifers, they will be served to the buyer's choice of Remitall stock bulls as they become old enough.

LIABILITY: The Remitall Cattle Company, its owners and employees accept no liability for accidents that may occur. Mishaps at cattle sales are very rare, but all attending must do so at their own risk. The sale manager and his staff, the auctioneer, ringmen and clerks were employed by the owners for specific promotional and clerical tasks and have no connection with the handling of

the cattle, the condition of the premises, fulfillment of guarantees or status of health papers. The sale of each animal constitutes a contract between the buyer and the seller of each lot, but the sale manager cannot be responsible for the fulfillment of that contract. Where footnotes appear in the catalogue, they were written by the owners or employees of the Remitall Cattle Company, or from information provided by them.

LUNCH: Lunch will be available on sale day.

PHOTOGRAPHS: All photographs of sale cattle are unretouched.

BUFFET DINNER: You are cordially invited to be the guest of Louis and Jean Latimer and Carroll and Jeanie Latimer at a buffet dinner at 5:30 p.m. on June 15 at Louis and Jean Latimer's home.

FURTHER INFORMATION: The staff of Remitall or the sale manager will be happy to give you their critical appraisal of any of the cattle selling. A supplemental sheet will be provided on sale day listing breeding dates and any other vital information. All announcements from the auction block supersede any other information, either written or oral.

MAIL BIDS: We hope it will be possible for you to be at Remitall on June 16. If not, mail or telephone bids may be directed to any of the following:

HARRIS SIMONS, The Shorthorn World, 16 S. Locust St., Aurora, Ill.

Tel: (312) 896-8511.

E. H. STOLTZ, executive secretary, Canadian Shorthorn Association, Gummer Building, Guelph, Ontario, Canada. Tel: (519) 822-6841.

C. D. SWAFFAR, executive secretary, American Shorthorn Association, 8288 Hascall St., Omaha, Neb. Tel: (402) 393-7200.

GENE McDONALD, The Shorthorn World, 16 S. Locust St., Aurora, Ill. Tel: (312) 896-8511.

WAYNE DIETZ, The Drovers Journal, 105 South St., Harrisonville, Mo. Tel: (816) 842-5980.

Any of these reliable men can be reached at sale headquarters or at the Remitall Cattle Company within 48 hours of the sale.

INSURANCE: Insurance will be available from the clerks.

DELIVERY OFFER: At a convenient time after the sale the Remitall Cattle Company will deliver all purchases without charge to any buyer throughout the continental United States. Buyers must provide Remitall with written directions to their farm from the nearest major highway. If not, the cattle will be sent to the nearest point on the delivery route. A condition of this offer is that the animals are at the buyer's risk as soon as bid off. Insurance will be available from the clerks on sale day, and we strongly recommend that you insure your purchases for full value. Buyers are asked to pay customs fees on their cattle. This varies, but usually averages \$10. These will be billed directly by the customs broker.

TELEPHONES: Carroll Latimer (403) 226-6504. Louis Latimer (403) 226-2491. Please use Louis Latimer's telephone on sale day.

STOCKMAN: Gary Latimer.

Rely on the Remitall Reputation

The achievements of Remitall are many. Shows, sales, performance tests, commercial acceptance, top prices and more all prove the superiority of their Shorthorns. But the most stunning achievement of all is the vast number of other leading cattlemen from throughout the United States and Canada who count on Remitall for new, vigorous seed stock. The fact that they come back year after year is proof that their Remitall stock bulls and foundation females are getting the job done in a big way.

To achieve such unparalleled success takes more than good cattle. Anyone can buy good bulls and females. But to mold them into a forward-moving breeding program in which each generation becomes better than the last takes the skill of real cattlemen like Louis and Carroll Latimer. They have been successful in a hard country where nature throws every possible obstacle in man's path. To prosper there the cattle must be like the country — big, hardy and virile.

If you do not know the Latimers personally, spend some time with them on sale weekend. The honesty, integrity and acumen of both Louis and Carroll are well known. Both honored as "Builders of the Breed," they are respected by other cattlemen of all breeds in many countries. Their reputation for square dealing is known wherever good Shorthorns are bred.

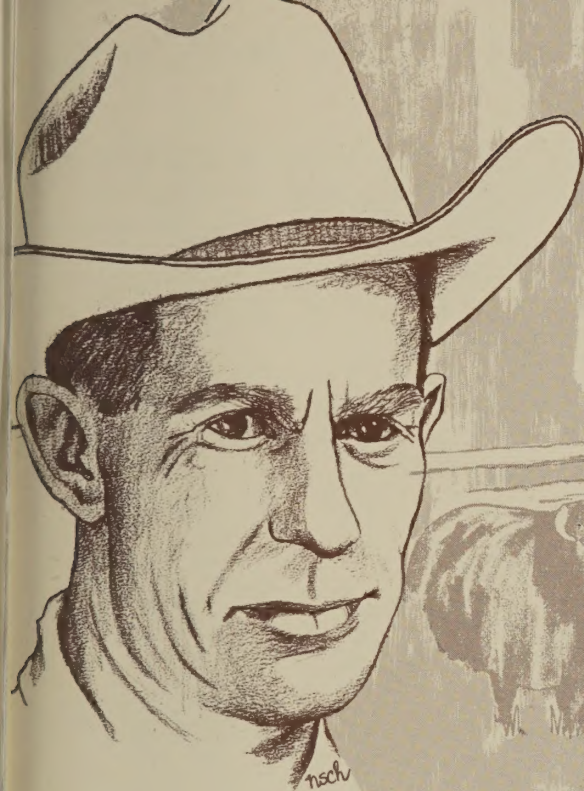

The development of bulls like Remitall Super Event and the massive Remitall Choice Mint alone would be success enough for most. Not for the Latimers. They will continue to concentrate and build with these and other great stock bulls. The very fact that they would share Choice Mint is an unheard-of opportunity. Whoever buys him will take a giant step into the future.

In this sale the Remitall female herd will be substantially reduced. There will not be another Remitall sale for several years. Remitall will retain one or two representatives from each of the female lines that have been so prolific and profitable over the years. The others will be shared. Few herds dare to cut so drastically to their very foundations, yet none is in a better position to do it. This is no dispersion, yet no dispersion ever offered more.

Remitall is building for an even greater Shorthorn future. You can improve your position in the Shorthorn business by sharing in the Remitall success. Be there on June 16 to make your "Choice of Remitall." It promises to be one of the most exciting days the breed has ever seen.

Arrive Early - - Be a Part of

It's always well to arrive at a sale as early as possible. To make your "Choice of Remitall" it is a must. The female herd is being substantially reduced. There will be no Remitall sale for several years. This is your opportunity to see the entire operation intact. See the sale bulls and females at your leisure. Inspect all of their sires and dams. The entire herd will be on display.

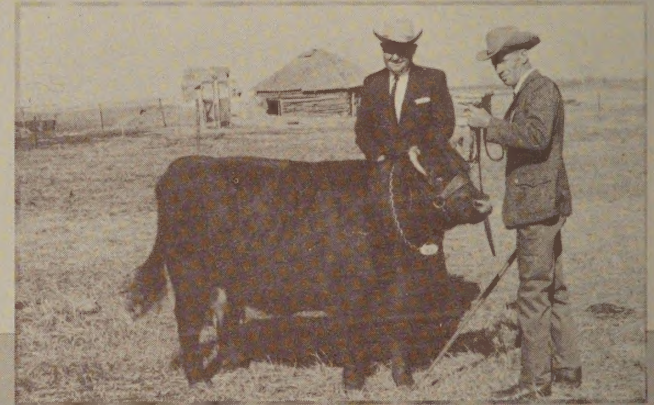

We believe you'll enjoy Alberta's refreshing mountain air in the springtime together with meeting and visiting with your Shorthorn friends from across the country and seeing some truly great breeding stock.

Dr. R. J. Smith, Stacyville, Iowa, left, purchased the top-selling heifer in 1968, Remitall Melody Constance, at \$2,500. At center is Don Johnson.

Shorthorn breeders from around the world travel to Remitall. Louis Latimer welcomes W. W. Donaldson, right, of Louada Manor Farms, Peterborough, Ont., to the 1968 sale.

In 1968 Darlow Mencke, Blair, Neb. paid \$2,050 for Remitall Daisy Mary. Carroll Latimer is at the halter.

the Remitall Excitement!

For your convenience and comfort, light refreshments will be available throughout the day on June 15. Buffet dinner will be served beginning at 5:30 p.m.

Many of you will prefer the large, modern motels in Calgary to the rather limited facilities in nearby Olds. We'll be happy to provide transportation to and from Calgary throughout sale weekend. It's only an hour's drive.

Remitall is always a place of much excitement. You'll want to be a part of it when Remitall fires another volley from its "Big Guns" on June 16.

Remitall Super Event topped the 1968 sale at \$8,600 (for one-half) to McIver Bros., Farwell, Minn. From right are John McIver and Louis and Carroll Latimer.

Remitall Bullion sold in the 1968 sale to Bob Ten Eyck, Milton-Freewater, Ore., at \$1,950. At right is Louis Latimer.

Traveling all the way from Tyler, Tex., for the 1968 sale was Leon Miller of 5M Farms, Lindale, who purchased several of the top females.

TRANSPORTATION and ACCOMMODATIONS

The sale is at the farm, one mile west of the Olds town limits and three miles south.

Calgary, a short 50 miles from Olds, is easily reached by all major air and rail facilities. Of course, we'll be more than happy to meet you at the terminals if advance notice is given. However, for those who prefer to drive, rental cars are available in Calgary.

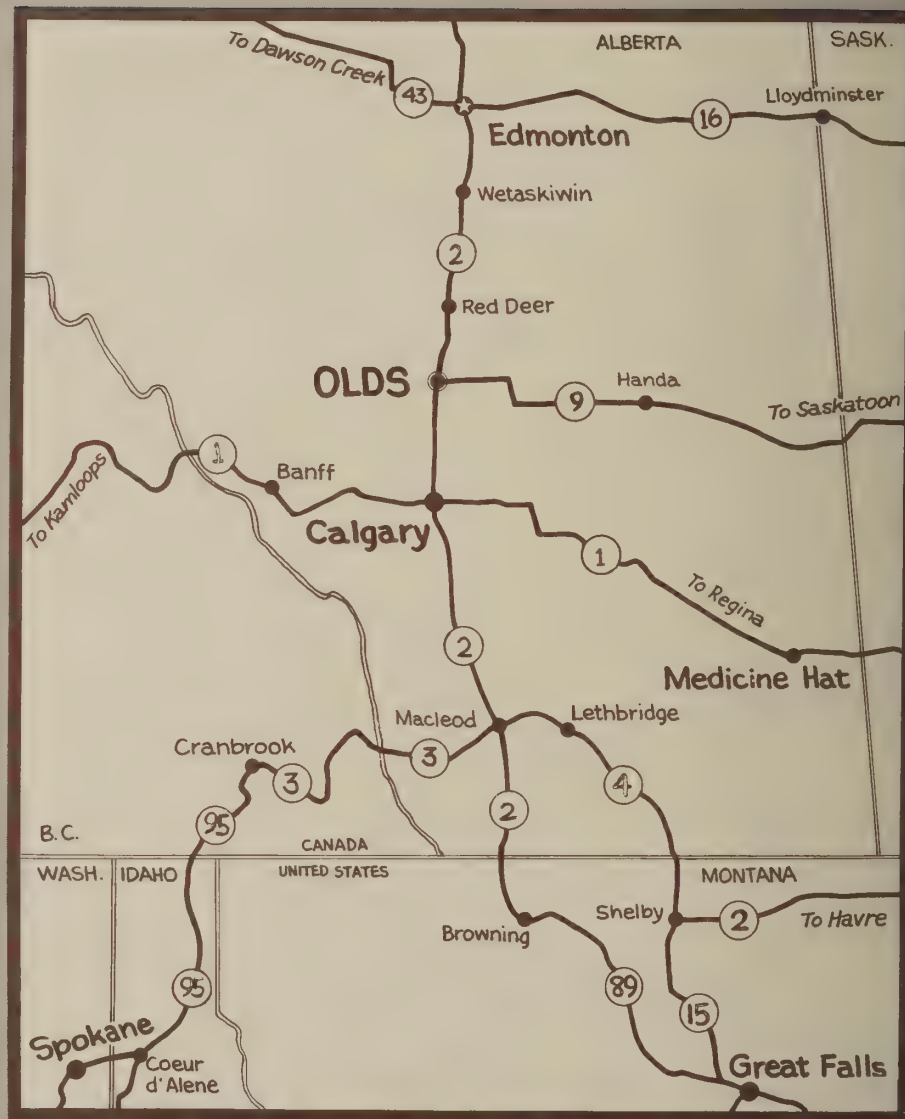

Olds, 130 miles south of Edmonton, is 50 miles north of Calgary on Highway 2 and three miles west on Highway 27. Calgary itself is only 190 miles from the U.S. border.

For those persons wishing to travel from the Thomas-Gordon-Draper Sale at Hartney, Manitoba, on Saturday, June 14, this is a suggested schedule.

Saturday, June 14 — Drive to Winnipeg. Transportation will be provided to Winnipeg by Thomas-Gordon-Draper, or rental cars are available in Brandon. Stay overnight in a motel near the Winnipeg airport.

Sunday, June 15 there are four flights from which you may choose. **Air Canada flight No. 943** leaves Winnipeg at 7:00 a.m. and arrives Calgary at 8:40 a.m. **Canadian Pacific flight No. 77** leaves Winnipeg at 10:10 a.m. and arrives Calgary at 11:03 a.m. **Air Canada flight No. 907** leaves Winnipeg at 10:30 a.m. and arrives Calgary 11:30 a.m. **Air Canada flight No. 135** leaves Winnipeg at 11:20 a.m. and arrives Calgary 2:05 p.m. Planes will be met in Calgary if advance notice is given to Louis Latimer or Harris Simons, sale manager.

This schedule is correct at the time of writing but may change by June. All times should be confirmed with your travel agent or with the airline.

REMITALL DELIVERS!

Your Purchases Delivered Free to Your Door!

At its convenience, Remitall will deliver **all purchases free of charge** to the new owners' farms and ranches within the continental United States and Canada. Written instructions must be left with Remitall showing clear directions to your farm from the nearest major highway. Otherwise your cattle will be delivered to the point nearest to your farm on the delivery route.

Keep in mind that cattle are at the buyer's risk as soon as bid off. Insurance will be available from the clerks and we strongly recommend that you insure them for full value.

Each buyer will be asked to pay any customs charges. These vary, but are usually about ten dollars a head. You will be billed directly by the customs broker.

SHOW RIGHTS

The Remitall Cattle Co. reserves the right to select from the sale offering members of its 1969 show herd. These will be announced on sale day unless already specified in the catalog. In the case of open heifers, they will be served to your choice of the Remitall stock bulls as they become old enough.

What Is A Great Cow Really Worth?

In the Remitall breeding program, the females carry as much or more importance as the herd sires. You can mis-mate and replace stock bulls; however, it is a slow, costly process to replace the foundation females. The Latimers selected their foundation females very carefully. Any cow bought was chosen with the idea that she was good enough to be dam of a stock bull, if her calf showed that form.

Naturally, the better the cows, the better the herd

bulls must be. Eventually there comes a point when the cows are just as good as the bulls. Then begins the reason for a linebreeding program to intensify the blood or genes of the outstanding animals and to lessen the poorer or unknown animals.

Remitall's success is due largely to this careful breeding program. This is the program that has produced the scores of Remitall stock bulls in service for leading herds. Think what one Remitall female can do for you!

What is one cow worth? Here are three daughters and two granddaughters of H V F Fair Constance 3rd: From left, Remitall Missie Constance sold in the '68 sale to Bernard Friedlander, Tyler, Tex. She is the dam of the \$1,100 Remitall Cascade and the \$1,700 Remitall Villager. The white heifer is Remitall Vera Constance that sold in 1968 to Kinnaber Stock Farm, Souris, Man. She is the dam of the two females retained in the herd. Remitall Fay Constance is the dam of Remitall Thor; Remitall Fair Constance is the dam of the \$1,000 Remitall Pandelus and of Fay Constance, pictured. Remitall Ruby Constance is the dam of the \$8,000 Remitall Banner, dam of Missie Constance, pictured, and of Remitall Constance Jewel, mother of the \$5,300 Remitall Ideal Mint.

Your Remitall Female Is A Gilt Edged Investment

Few herds dare to cut as far into their female foundation as Remitall will do on June 16, yet no herd is in a better position to do it. These great producers will be replaced by daughters or sisters from which Remitall will mold its future. Thus you have an opportunity to buy brood cows that few dispersions could ever equal. Each one is capable of producing a stock bull worthy of the world's great herds . . . and many already have. If you add only a few females each year, or in several years, certainly one or two should come from Remitall. Here are the cows backed by production unexcelled anywhere. Here are pedigrees that insure prepotence. Here is the service of stock bulls known and respected around the world. Think what just one or two Remitall cows can do for you!

Left — Kelburn Clipper Beatrice 5th, left, is the dam of Kelburn Great Event. She and her half sister (shown), also by Calrossie White Emblem, were grand and reserve grand champions over all breeds at Brandon, Man., in 1957

Right — Remitall Norma Daisy is shown with her son Remitall Super Event. She is a double granddaughter of Ballechin Lovely, Remitall's greatest foundation cow. Norma Daisy is also the dam of Remitall Wib's National.

Remitall Bonnie Clara by Kelburn Great Event and her heifer calf by Remitall Dandy Argosy sold in the 1968 sale at \$1,650 to Leon Miller's Five M Farms, Lindale, Tex.

Remitall Super Consort, above, is the first son of Remitall Super Event. He sold at \$2,000 when he was six weeks old to Darlow Mencke & Sons, Blair, Neb. He is out of Remitall Donna Louise by Remitall Hercules that also sired Remitall Choice Mint.

A Big Gun

For Remitall!

REMITALL SUPER EVENT — History is made by bulls like Remitall Super Event. He's been a great calf since birth when he was marked to carry on the Kelburn Great Event line in the herd. He featured the "Great Event of 1968" sale where one half interest and possession sold at \$8,600 to McIver Brothers, Farwell, Minn. where he has continued to grow and develop his magnificent form. Today the Remitall pastures are filled with his calves. The first son sold at \$2,000 at six weeks to Darlow Mencke, Blair, Neb. Another was the \$3,800 grand champion of the 1969 Canadian International, where he sold to Dr. C. E. Harlan, Ava, Mo. This sale features three sons and three daughters. A great number of the females carry his service and many have his calves at foot. See each of his calves on sale day. They are the real proof of his greatness.

ABOUT REMITALL SUPER EVENT'S PEDIGREE

Remitall Consort and Ballechin Rose Marie are son and daughter of Ballechin Lovely (our great foundation cow). Calrossie Constellation and Calrossie White Emblem are full brothers. Super is a super blending of several tremendous cow families — the Calrossie Augustas, the Calrossie Flossys, the Clipper Beatrices, and the Remitall Daisys through Ballechin Lovely to Ballechin Daisy 3rd. It is hard to find a pedigree with such a combination of structural greatness of the Calrossie Welcomes, the fleshing and foot strength of the Consorts, Clipper Beatrices and the Daisy line that gets stronger the more you linebreed them. Norma Daisy's first calf was Remitall Wib's National, that sired the top heifers in the 1968 sale.

The original Daisy was purchased in the late Hon. Duncan Marshall's dispersion in the 1920's, descending from Ballechin Farms in Scotland. For some reason, both at Marshall's and Latimer's, the family was carried on under the Ballechin name rather than Daisy which they really are. Remitall has converted them back to Daisys, so any time you see Ballechin in their pedigrees (unless it shows as imported) they are Daisys.

The Daisys at Remitall stem from Ballechin Delia, the granddam of Ballechin Lovely. Several of these cows produced 12 to 14 calves with Lynn Farm Ballechin Daisy producing 15. The Daisys have several outstanding characteristics besides prolificness. They are large, roomy cows with the most bone of any family we have. They always come up better with intensive line-breeding. Many of the other families have been beefed up with a Daisy bull. There are more than 30 Daisy females in the herd and a large number sell.

REMITALL SUPER EVENT

KELBURN GREAT EVENT

Kelburn Great Event is acknowledged everywhere as one of the greatest sires the breed has ever known. He represented a milestone in the development of Shorthorns everywhere. His ability to sire great bulls as well as heifers marked him as a sire second to none. "That he accomplished this in our rough and tumble outfit says even more for him," says Louis Latimer.

Great Event was by a son of the famed Calrossie Constellation. His dam, Kelburn Clipper Beatrice 5th, climaxed her show career winning the Canadian National Exhibition and the Royal Winter Fair. A daughter was later RWF grand champion. Clipper Beatrice 5th (pictured on page 13) is by Calrossie White Emblem, a full brother to Calrossie Constellation.

Great Event's record as a sire is well-known. Among others, he sired the \$8,100 Remitall Gold Emblem, champion and record top of the 1968 Canadian International, and the exceptionally big Remitall Captain Jim, top of the 1966 Canadian International, both to Melbourne Farm, Big Rock, Ill.; Remitall Baronet 2nd, the \$3,500 Denver grand champion owned by Dr. and Mrs. Ernest Sultan, Lincoln, Calif.; Remitall Pamela, junior champion of the 1961 Royal Winter Fair; Remitall Elsie Daisy, 1963 Denver sale champion and top to Wilf Miller, Olds, Alta.; Remitall Banner, \$8,000 Canadian International champion and record top to Colomeadow and Davison Ranch; Remitall Executive, 1962 Edmonton champion and top to John Bell, Spruce Grove, Alta.; Remitall Mascot, 1964 Calgary champion; Remitall Bequest, the \$4,050 champion of the 1968 National Western; KC Silver Event, All-American and International first-prize junior bull calf in 1968, and Bilmar Bold Venture that sold at five weeks for a record \$1,500 to Bilmar Farms,

Durand, Mich.; a daughter topped the 1968 National Western at \$1,500 to Mrs. Kay Haley, Ventura, Calif.; Merry Event of KC x, grand champion of the 1968 American Royal and All-American; Queen Clara 2nd of KC, grand champion of the 1968 American Royal; Queen Margaret 8th of KC, 1968 International grand champion; KC Stingray, International first-prize winner, as was another daughter.

We could go on and on, but you get the idea.

All Great Event calves have wonderful scale and bone. His daughters are females of exceptional strength and they have great udders. He is gone now, but his influence is perpetuated through several generations at Remitall and throughout the world.

KELBURN GREAT EVENT

REMITALL HERCULES

REMITALL HERCULES — If Remitall Hercules had done nothing more than sire Remitall Choice Mint, his work would have been justified. However, there's much more. His first daughter topped the 1964 "Pick of Alberta" sale at \$1,250. His first son topped the 1965 Calgary Bull Sale at \$2,600. Another daughter was reserve grand champion sale heifer at the 1965 National Western and second top-seller. Remitall Choice Mint, of course, was 1965 Edmonton Futurity reserve interbreed champion and later grand champion of the Calgary Bull Sale, topping all breeds. A daughter, Remitall Gay Donna, was both futurity and sale champion at Edmonton in 1966 selling for \$1,200. In the 1968 sale, sons sold at \$2,150 to Bonner, Tharp and Willems of Kansas; at \$1,175 to Lakeview Ranch of Washington, and \$1,950 to Bob Ten Eyck of Washington. A daughter sold at \$1,800 to Dr. R. J. Smith of Iowa and later was P. N. E. supreme champion. A grandson was \$5,300 second top of the 1968 Canadian International.

Hercules is out of one of our all-time great cows. She also produced Remitall Keynote that sold to Dwayne Dietz, WaKeeney, Kan.; Remitall Mr. Louis, Canadian International champion and record seller at \$5,900 to Ray Parks and Sons of South Dakota and Remitall Belvedere, sold privately to Cliff Milligan of Oklahoma. A full sister will keep this family going for generations.

Hercules weighed 2,050 pounds at Olds on April 21, 1966, in breeding condition. His ownership is now shared with Hayard Farms, Innisfail, Alta., and Kent Christensen, Shelley, Idaho, who has possession. Hercules calves have the structural strength, character and easy fleshing that makes them so popular with commercial breeders. Eight daughters sell in addition to his best son, Remitall Choice Mint.

REMITALL ESQUIRE — The son of **Bapton Constructor** that has been selected to carry on this line in the Remitall herd. That should be recommendation enough, however please note that he is from a **Kelburn Great Event** cow that sells as Lot 14 in this sale and that a maternal half brother also sells as Lot 5 in this sale. Here is an accumulation of the bulls that have made Remitall a leader in the Shorthorn business. Esquire will be the service sire of several females selling. Several of his calves have arrived and will be on display sale day.

REMITALL DANDY ARGOSY

REMITALL DANDY ARGOSY — His first bull calf, Remitall Cumberland, sold in the 1968 sale to Bob Ten Eyck, Milton-Free-water, Ore. Another son and eight daughters sell this year. Two other sons of Remitall Clara Ivy sold to Tomson Brothers of Kansas and Gordon Schuppe of Colorado. The granddam, Ballechin Clara, gave us Remitall Frosty Consort that sired the largest cattle we have ever produced. We also used two sons of Ballechin Rose Clara — Remitall Monarch's Climax and Remitall Galahad, sold to Howard Hymas of Rosebud and Louada Manor Farms, Peterborough, Ont. Granddaughters of Monarch's Climax are Remitall Lily Blossom sold at \$1,525 to Leon Miller of Texas and Remitall Laura Butterfly sold at \$925 to Merle Jordan of Washington. Remitall Galahad sired Louada Waterloo Rose that sold at \$2,500 to Hollis Hanson of Indiana; also Remitall John Alden that sold to Clarence Wagner of Washington. We added Drynie Argosy to this pedigree to accentuate deep natural fleshing.

PHEASANT CREEK LEADER 3rd x (Jumbo) — We will mate Jumbo to a foundation female of each of our top cow families to start a great base for a Polled Shorthorn herd in addition to our present operation. We felt this is the best Polled Shorthorn bull we have had the opportunity to buy. He has scale, weighing 1,840 pounds at 24 months, with quality, bone, richness of hair coat, and a tremendous rear quarter. Purchased at the top of the Regina Bull Sale in March, where he was champion, he is the service sire of two females selling.

REMITALL CHOICE MINT — The 1966 bull of the year, he was Calgary grand champion and top-selling bull over all breeds at \$4,800 to Alan Wilson, Duhamel, Alta. He weighed 1,765 pounds at 23 months for a lifetime gain of 2.53 pounds a day. Alan sold one-third interest to Cliff Hill, Salem, Ore. We repurchased Cliff's interest a year ago and Alan's interest last fall — and gave them a nice profit to have him here to use again, and to feature in this sale. We believe he is the greatest bull we have yet produced for the times. His first calf, **Remitall Ideal Mint**, was the 1967 National Centennial supreme champion at Calgary. He later was second top-selling bull at the Canadian International at \$5,300 to Wendell Lovely and Kenneth Glantz of Montana. After heavy use last summer, **Ideal Mint** kept his form and maintained his growth. He is coming into one of the great breeding bulls of Montana. Another son, **Remitall Royal Mint**, is owned by Cliff Hill, Salem, Ore. Still another, **Remitall Noble Mint**, will be one of our next stock bulls. Selling one-half interest and possession.

REMITALL CHOICE MINT, Lot 1

This is how Remitall Choice Mint looked as grand champion of the 1966 Calgary Bull sale where he topped all bulls of all breeds.

REMITALL CHOICE MINT

*The Biggest of
The Big Guns
of Remitall!*

At the "Great Event of 1968" Sale, visitors were unanimous in their approval of Remitall Choice Mint. Displayed with a number of the sale cows, he looked like a modern stock bull should. Most estimated his weight at 2,200 to 2,300 pounds. He moves like a stock bull, with his head held high and with the action of a thoroughbred. The most impressive thing about him, however, is his calves. Whether they're from line-bred Remitall females whose families have been in the herd for generations, or from cows just added for their outcross value, his calves are great! There isn't a bad one on the place, and there are plenty of good ones. Like any bull, Choice Mint has his faults, but they are few and he has no serious **structural** defect. Moreover, he has many more good things about him . . . and it's this preponderance of good, his great size, his exceptional calves and a pedigree guaranteed to breed size that make him great. Whoever owns him with Remitall after June 16 will take a giant step into the future that will demand cattle of extra scale and stamina for decades.

One of the first sons of Remitall Choice Mint was Remitall Ideal Mint, above. He sold at the second top of the 1968 Canadian International Bull Sale to Kenneth Glantz, Roberts, Mont., and Wendell Lovely, Wilsall, Mont. He was also a member of the best pair of bulls.

How would you like to breed calves like these, year after year? These are a number of the youngsters by Remitall Choice Mint at Remitall.

These six calves are all by Remitall Choice Mint. In a special attraction as Lot 2, four of his sons will enter the ring. At the conclusion of the bidding the buyer may make his choice. The remainder will stay at Remitall where one will become a future stock bull. Which of these will you choose in the "Choice of Remitall"?

"Buyer's Choice" of Choice Mint Calves

Remitall Banner was grand champion and \$8,000 top of the 1967 Canadian International Bull Sale. Remitall Alberta Mint, cataloged as part of the buyer's choice as Lot 2, is out of a full sister to Remitall Banner. Alberta Mint, himself, is a full brother to the \$5,300 Remitall Ideal Mint, pictured on page 24.

REMITALL ALBERTA MINT — We are cataloging Remitall Alberta Mint, however, since Remitall Choice Mint's calves are young, we are going to put four of his first sons born at Remitall into the ring and you can take your pick. Whichever you choose, he will be a good one. **Alberta Mint** is a full brother to the \$5,300 **Remitall Ideal Mint** purchased at Brandon by Wendell Lovely and Kenneth Glantz. **Remitall King's Mint** will be in ring, out of Remitall Roanella, dam of the \$1,100 **Remitall Grand National** in last year's sale to Jackson Moffat, Sinaluta, Sask. Also in the ring will be **Remitall Elite Mint** and **Remitall Roan Mint**, both top calves out of good cows. **Alberta Mint's** dam, Remitall Constance Jewel, is a full sister to the \$8,000 **Remitall Banner**, that created a terrific record in John Shuman's sale last fall. Remitall Ruby Constance was reserve grand champion at the 1959 Royal Winter Fair in Toronto.

REMITALL ROYAL REGENT, Lot 3

REMITALL ROYAL REGENT — It would take a long footnote to deal fully with **Remitall Royal Regent**. His twin, **Remitall Senator**, was one of the stars of the 1969 Canadian International Bull Sale in Brandon, Man., where he won his class and sold at \$2,500 to Walter Bros., Grand Ridge, Ill. His three-fourths brother, **Remitall Gold Emblem**, holds the record selling price at Brandon at \$8,100 to Melbourne Farm, Big Rock, Ill., after winning the grand championship of the 1968 International. **Remitall Captain Jim**, another brother, sold at \$3,500 at Brandon to Melbourne, and **Remitall Baronet 2nd** was the 1963 National Western champion at Denver, selling at \$3,500 to Cliff Hill, Salem, Ore. He was later used by Mr. and Mrs. Ernest Sultan, A. E. Ranch, now of California. **Royal Regent** is by **Remitall Belvedere** that sold to Cliff Milligan of Oklahoma and did such an outstanding job there. He is out of one of our all-time great cows, **Remitall Augusta Queen** (See Lot 13.) **Royal Regent** is big, trim and sound. He will make his mark for his new owner.

Remitall Captain Jim topped the 1966 Canadian International Bull Sale to John Alexander & Sons, Melbourne Farm, Big Rock, Ill. He is out of the same dam as Lot 3.

Remitall Gold Emblem was grand champion and \$8,100 record top for the 1968 Canadian International Bull Sale where he sold to John Alexander & Sons, Melbourne Farm, Big Rock, Ill. He is out of the same dam as Lot 3.

Remitall Baronet 2nd by Kelburn Great Event was the 1963 National Western champion and \$3,500 top when he sold to Cliff Hill, Salem, Ore. He is out of the same dam as Lot 3.

REMITALL NOBLEMAN — By the \$8,600 (for one-half) **Remitall Super Event**, he has the growth and style to make him a winner anywhere. Emmelie 23d is the dam of **Remitall Justin**, stock bull for Glen Powell & Son, Grandview, Man. **Justin** was a little ahead of the time when we sold him at the Canadian International where he won his class and sold at \$1,500. **Justin's** scale and character with tremendous muscling would bring a fancy figure now. Another son, **Remitall Alamo**, bred well for Keith Manuel, Innisfail, Alta. Emmelie's daughters have gone to O. K. Manuel and Zweriske Bros., in Canada and Bernard Friedlander, Tyler, Tex.

Remitall Esquire is junior stock bull at Remitall. Be sure to see him on sale day. He is out of the same dam as Remitall Chancellor, Lot 5.

REMITALL CHANCELLOR — He's backed by a linebred pedigree, that guarantees hybrid vigor in an outcross herd. Remitall Secret Kay, Lot 14, is one of the best cows we have ever raised. She is the dam of **Remitall Duke** and **Remitall Esquire**, both used here. **Esquire's** calves look very promising. See them in the pasture sale weekend. Remitall Consort has played an important role in the development of the herd. He is out of Ballechin Lovely, our favorite foundation female. Consort sired Remitall Ruby Constance, 1959 Royal Winter Fair reserve champion; Remitall Fortress, Edmonton Futurity champion; Remitall Grenadier, reserve junior champion at the Montana State Fair, and Remitall Lady Ramsden, dam of three class winners at national shows. Consort was a bull of scale and substance and his blood plays an important role in the Remitall female foundation. Lot 6 is out of a Remitall Consort dam.

REMITALL ROYAL EVENT, Lot 7.

REMITALL ROYAL EVENT — He is one of the largest calves for age on the farm. His linebred pedigree combines the **Kelburn Great Event** line with our Daisys and on the cow's side with the Bertie Marshall Princess Royals. Princess Mary was the top-selling heifer calf in the Cruggleton dispersion.

REMITALL KING ARGOSY, Lot 8.

The imported Drynie Argosy was purchased to bring an outcross to Remitall. A son, Remitall Dandy Argosy, sold at \$3,500 in the 1968 International Canadian Bull Sale. Lot 8 is a son and the female offering includes four of his daughters.

REMITALL MAGNET, Lot 9.

REMITALL MAGNET — Here is an outcross calf by **Beaufort Fortune**, sire of **Remitall Good Fortune**, 1967 Denver sale champion, to Merle Jordan, Ferndale, Wash. Another son is the \$2,500 **Remitall Royal Fortune** to James Fogal, Neelyton, Pa. **Magnet's** mother is a full sister to \$8,100 **Remitall Gold Emblem**, **Remitall Captain Jim**, **Remitall Baronet 2nd**, **Remitall Broadway** and **Remitall Triumphant**.

GRAHAMSTON LAD 168th, Lot 11.

GRAHAMSTON LAD 168th — We have used this calf at Remitall. His pedigree evolves through seed stock known to everyone and they have done more than their share of producing top cattle. If **Remitall Hercules** had only sired **Remitall Choice Mint**, his work would have been worth while. If **Remitall Mr. Wib** had only sired **Remitall Mr. Louis** and **Remitall Wib's National**, his work here was justified. There are few herds in North America today that have not used the **Bapton Constructor** influence. These are the stock bulls behind **Grahamston Lad 168th**!

These cows sold in the "Great Event of 1968" sale at Remitall. From left are Remitall Mona Daisy at \$2,400 to Louada Manor Farms, Peterborough, Ont.; Remitall Missie Constance at \$625 to Bernard Friedlander, Tyler, Tex., and Remitall Ramsden Janet at \$1,850 to Ray Strohschein, Red Deer, Alta.

What value can you place on a Remitall female? Over the years those who have purchased them have soon found that whatever the price, it is quickly returned in just one or two calves . . . if you choose to sell those calves. Most daughters, however, are retained and many have produced stock bulls for their owners.

There is little gamble in buying a Remitall female. One look will quickly determine her individual excellence. A glance at the catalog will show her gilt-edged pedigree. She is not an accident, but, the result of years of careful breeding by Louis and Carroll Latimer on their road to a herd of Shorthorns that are bigger and stronger than the average.

Then consider the stock bull to which she is bred. Bulls like Kelburn Great Event, Remitall Choice Mint, Remitall Super Event, and the rest are already proved as sires that can and do work improvement with almost every calf.

Consider What A Remitall Female Can Do for You

You'll be interested in the management at Remitall. In Louis Latimer's own words, "its a rough and tumble outfit." The emphasis is on basic herd health and production. Not frills. If you've ever been there in winter, you know how bitter it can be. It's been said that Alberta has only two seasons: "winter and July." This is no place for the weak or the timid. They just don't survive. The Remitall cows are wintered outdoors despite the temperatures. They prosper and thrive on chopped oat straw with a bit of smallgrain added. They have grown to their great size the natural way on hard land. They will expect no better care at their new homes and they'll need none.

Here is an opportunity for real investment . . . for real herd improvement. You can make your "Choice of Remitall" on June 16. How many of these famous females will you own?

Selling a Full Sister to Remitall Choice Mint!

A model of size for the 1970's is Remitall Choice Mint. In Lot 12 you have a rare opportunity to purchase a full sister.

REMITALL PURE RUBY — She is a full sister to **Remitall Choice Mint**, himself, and sells bred to **Remitall Super Event** on September 9. She should be due at sale time. We feel that Pure Ruby, and a number of the other sale females, are as great as we could ever hope to produce. The cow families alone that created this pedigree are fantastic. Picture Kelburn Clipper Beatrice 5th, a big cow, almost never beaten. Remitall Augusta was another big, smooth **Remitall Consort** daughter. Nonpareil Colina, a 1,650-pound cow, was one of the very best cows ever at Sandy Cross's Rothney Farms. She is by Bertie Marshall's biggest bull, **Cruggleton Adjustor**. A-7 Drynie Brawith is from the Drynie Brawith line selected by Cross to found the seed stock herd at the A-7 Ranch. These four cows in the third generation, all big cows, would make any progeny great breeding animals.

Remitall Augusta Queen Produced All of These!

REMITALL AUGUSTA QUEEN — Here is by far the highest income-producing cow on the farm! The only reason we can spare her is that we are keeping two daughters. We have used every son but one in the herd and no cow appears in our pedigrees as often as she does. You can found a herd on this cow. She produced **Remitall Hercules** at 24 months and has had a fall calf every year since. She milks well and continues right up to weaning time. She may keep herself worked down a bit, but consider how well she has turned out her calves. She is a gem in the rough. She is well along in calf to **Remitall Choice Mint**. What a calf this should be!

These three heifers sold in the "Great Event of 1968." At right is Remitall Secret Susie that went to Dr. R. J. Smith, Stacyville, Iowa. She is from the same imported Muirside Secret family as Lots 5, 14, 16, 34, and 52.

REMITALL SECRET KAY — Another of our greatest, she's dam of our junior stock bull, **Remitall Esquire**, and dam of Lot 5. She will calve in May to **Remitall Choice Mint**. Muirside Secret Mabel produced 14 calves, all of them good, and her daughters are doing the same. Lots 5, 14, 16, 34, and 52 are all Secrets.

The mature cow is REMITALL CLIPPER CONSTANCE, Lot 15. That's her daughter at foot, REMITALL KATY CONSTANCE by Remitall Super Event. She sells as Lot 15A.

Dam of Remitall's Top Heifer in the 1968 Sale

REMITALL CLIPPER CONSTANCE — Few cows can equal Clipper Constance. Her first two calves were bulls. **Remitall Crown Prince** went to a rancher. **Remitall Select Mint** was second at Edmonton and he went to another rancher at \$875. Her next calf, Remitall Melody Constance, was the top female in our 1968 sale at \$2,500 to R. J. Smith, Stacyville, Iowa. Her mother, Remitall Miss Constance, produced two reserve champions at Calgary, and one reserve junior champion, the 1965 top-seller at \$2,600 and a son in our 1968 sale at \$2,150 and a daughter at \$1,475. The Constance cow family is a strong group of breeding females. The \$8,000 **Remitall Banner**, the \$5,300 **Remitall Ideal Mint** and **Remitall Villager** were all out of Constance cows. She will calve in late August to **Remitall Choice Mint**. That calf could solve anyone's herd bull problem.

REMITALL KATY CONSTANCE—By **Remitall Super Event**, she is a dream come true. She carries the genes for, and does have growth, quality and correctness to spare. If it were not for the confidence we have in Shorthorns and what they stand for, we could never have put this heifer in the sale. Buy her as cheaply as you can, but buy her by all means. Then look after her and she will look after you. Imagine owning a sister to the 1969 Canadian International champion out of one of the greatest cows in the world. Whoever buys her writes history. REMITALL CONNIE DAISY — The Daisy cow family has been a powerhouse of producers and Connie Daisy has been no exception. The top yearling female we have retained is Connie's daughter. She will calve in late April to **Kelburn Great Event**.

Nearly all of these cows sell on June 16. The red cow in the center of the photograph is **REMITALL CONNIE DAISY**, Lot 17.

For the first time Remitall sells a number of members of their good-producing Donna family. That is the line that produced Remitall Mascot, above, grand champion of the 1964 Calgary Bull Sale that sold at \$2,000 to Lorenze Schneider & Sons, Wolseley, Sask. He in turn sired the top bull of the 1968 Regina Bull Sale at \$1,900.

REMITALL DONNA 3rd — She is by **Phopachy Notable** that also sired Remitall Augusta Queen. These two cows have been prolific producers of top animals every year. Both of these females sell June 16. From left are, REMITALL CONNIE DAISY, Lot 17, and REMITALL PRIMA DONNA, Lot 21.

The calf is REMITALL EMMELIE RHODA, Lot 22. Her dam is Remitall Emmelie Rose, retained, that was reserve champion female of the 1968 Olds Fair. Emmelie Rose is a full sister to Remitall Unique that sold to M. A. Rambo, Rosebud, Texas, in the 1968 sale and later went on to win several championships in Texas and neighboring states.

REMITALL EMMELIE RHODA — She is an outstanding calf out of Remitall Emmelie Rose, 1968 Olds Fair reserve grand champion female that we are keeping. Emmelie Rose is a full sister to **Remitall Unique** that Buddy Rambo, Rosebud Tex., bought in last year's sale. **Unique** went on to win several championships in Texas and neighboring states. The granddam, Remitall Emmelie, sells as Lot 32. Sells open.

THERE ARE REASONS

There are reasons why Remitall stands at the forefront of the cattle business today. You've seen many of them detailed on the foregoing pages. You'll see others at Remitall on June 16. The stock bulls and foundation females possess the accumulated inherent power to render superior performance, developed through years of practical research and experience with a carefully planned program of matings. The results of these matings have been proved and are firmly established. They are available to you at Remitall.

Remember too that not only does Remitall guarantee every animal selling to be a breeder, but also to meet with your complete satisfaction on your farm or ranch.

Over the years Remitall has met the competition and bested it more often than not, continually keeping in mind their principles of breed promotion, size in Shorthorns, square dealing and sound cattle management.

Where else in North America would you go to purchase Shorthorns with more potential than those at Remitall?

Remitall Wib's National by Remitall Mr. Wib was reserve grand champion at the 1965 Royal Winter Fair in Toronto and undefeated in Alberta that year. Two-thirds interest sold at the second top of the International Congress Sale in Chicago to Otis Rothlisberger, Elgin, Iowa. The bull's first daughter topped the females in the 1968 Remitall sale.

REMITALL DONNA MAY — A daughter of **Remitall Hercules**, she is out of the grand old Donna cow selling as Lot 18. These Donna females are good solid producers. Among their achievements was the 1964 Calgary grand champion **Remitall Mascot** sold to Lorenze Schneider & Son, Wolsely, Sask. We did not sell any Donnas in the 1968 sale, so some are adding strength to this year's auction. Sells bred to **Remitall Super Event**. Her October calf sells as Lot 41A.

Remitall Marshall was grand champion of the Edmonton, Alta., Bull Sale and sold at \$2,500 to William Melnyk & Sons, Chipman, Alta. He is out of the same cow as Lot 42.

REMITALL AMELIA — She has a red bull calf at foot born December 10, 1968, (**Remitall Dandy Event**) by **Remitall Dandy Argosy**. Remitall Amelia is a full sister to Remitall Camelia, junior champion of the 1960 Toronto Royal, now at Melbourne Farm, Big Rock, Ill. Another sister is in Sandy Cross' Rothney herd at Midnapore. A brother was champion at Edmonton, selling at \$2,500 to William Melnyk and Sons. REMITALL BUTTERCUP PEARL — She is out of a daughter of Calrossie Good News himself, a great old brood cow that has an exceptional Remitall Super Event calf this year that will surely make a top stock bull. Where could you find more great cow families in one pedigree? The Scottish Buttercups produced so well at Saltoun and for the Brennens in Washington. The Calrossie Floss females were the greatest bull producers at Calrossie. The Claras that have given Remitall three herd sires that have all left their mark. The Drynie Augustas were said to be the top family in the great Drynie herd. She'll be just old enough to breed at sale time.

No Remitall catalog would be complete without a picture of Ballechin Lovely, Remitall's favorite female that was undefeated in 1950 and 1951. This family descended from Ballechin Farm in Scotland and for some reason was carried under the name of Ballechin rather than Daisy which it really is. The Daisy family has proved to be the most productive and profitable in the entire Remitall herd. Lot 54 is deep in this breeding as is much of the offering.

REMITALL DAISY BELL — Her mother was stifled and only fed her for three months. She has come on well and will make a strong cow. Miss Elsie produced our Denver sale champion and a grandson, **Remitall Weber**, used in the Killearn herd. Served to **Remitall Choice Mint**.

Remitall Super Constellation was Remitall's fifth consecutive grand champion of the Canadian International Bull Sale in 1969. He sold at \$3,800 to Dr. C. E. Harlan, Ava, Mo. His dam sells in the "Choice of Remitall" as Lot 20.

Five Consecutive Canadian International Bull Sale Champions!

In six years at the Canadian International, Remitall has shown five consecutive grand champions; scored the top herd average five consecutive years; five times has sold the top bull; three times has established new record tops for individuals. Their five grand champions have grossed \$28,200 to average \$5,640. In six years the 20½ Remitall bulls have grossed \$59,925 to average \$2,923. Only great individuals could establish these records in a highly competitive show with entries from all parts of North America.

Louis and Carroll Latimer have sold hundreds of commercial Shorthorn bulls to ranchers throughout both the United States and Canada. These two were among the many sold this spring.

Remitall Broadens The Commercial Base

Remitall has long felt the necessity of proving its productions by every possible means including performance testing, steer shows and carcass evaluation. The steers pictured here are but a few of the many champions bred and exhibited by the Latimer families and their customers. They are just one more proof of the modern type of big Shorthorns available to you at Remitall.

Over the years Louis and Carroll Latimer have sold hundreds of Shorthorn bulls from both Remitall and other Shorthorn breeders to commercial cattlemen in both the United States and Canada. They know what the rancher wants and obviously Remitall is producing it. At present they are almost completely sold out of commercial bulls for the ranch trade.

White bulls from Remitall used with whitefaced cows produced these crossbred steers that had a terrific growth rate.

Widespread interest was shown in a carlot of 12 white Shorthorn steers exhibited by Lea MacDonald, Tabor, Alta., at the 1968 Royal Winter Fair. They won second-prize in the heavyweight division. They were out of dams sired by Remitall Bomart, a son of Fontana Comet.

Left — Marlene Latimer exhibited the junior champion steer by Remitall Hercules at the 1967 Edmonton show. The calf hung out one of the day's best carcasses.

Right — This son of Remitall Frosty Consort was grand champion steer at the Royal Winter Fair in 1962. He sold for \$10,000.
